AIRPETS AMERICA

Specializing in Domestic & International Pet Relocation

We Treat Your Pets Like Family.

YOUR PET IS OUR #1 PRIORITY

We are dedicated to the care and welfare of your pets during their transport domestically and internationally.

CUSTOMIZE YOUR PET'S MOVE

Our pet travel consultants can customize your pet's move to fit what you require. Why pay for more than what you need?

MAKING AN INTERNATIONAL MOVE?

Our pet travel consultants can assist you with up-to-date requirements and regulations for any country. We can coordinate every detail for your pet's move to any location around the world.

We subscribe and adhere to the rules and regulations of the Animal Welfare Act. We are a member of IPATA, the International Pet and Animal Transportation Association, an organization which provides us with a network of associates around the world able to assist us with the safe transport of your special family member.

OUR PROCEDURES:

- We only work with pet friendly airlines who have pet and animal programs in place.
- We comply with all Federal regulations to prevent interruption or delay of your travel plans.
- We provide TSA (Transportation Security Administration) security clearance prior to transporting.
- We supply or review all the required documentation for travel to any destination.
- We customize every detail to fit your needs.
- We offer full service boarding, grooming, training and exercise programs to prepare your pet for travel.

OUR EXPERTISE:

- Our pet travel experts are available to answer any questions and help both you and your pet relax and enjoy the trip!
- Our primary concern is your pet's safe and stress-free relocation.
- We have over 20 years of experience transporting pets in the US and around the world.
- We are connected to a network of professional pet handlers world-wide and can assist you with all of your pet's transportation needs.
- Our on-site Veterinarian and specially trained staff prepare and secure your pet for travel.
- We can provide USDA Endorsements to export your pet.
- We can provide medications and vaccinations to ensure your pet's health.
- We use only air conditioned, enclosed vehicles for ground transportation so you know your pet is safe.
